**LETTER OF GRATITUDE**

*Dear Global Wind Community!*  
*Dear Stefan Gsänger!*

Communal non-profit enterprise „Irpin Primary Health Care Centre” (Irpin City Council, Kyiv Region) expresses its deepest gratitude to the World Wind Energy Association for your strong support and help. Your solidarity with Ukraine is very important at this time.

As you know, our country is currently under continuous attacks from Russia, destroying our energy and water supply. Especially we as a hospital need urgently power so that we can take care of our patients, especially in this hard-hit region. In light of our situation, we do appreciate that WWEA, UWEA and your partners have provided the solar power set which allows us to use certain medical equipment also in times of power interruptions.

We thank you and all the international donors for showing in such way practical solidarity with the people in Ukraine, especially with those who need it most.
